## SERVICES AND MENTORING

---

**Reviewer:** TPAMI, TIP, NeurIPS, ICML, ICLR, CVPR, ICCV, ECCV, SIGGRAPH, SIGGRAPH Asia, AAAI

**Project/Program Mentoring:**

- **RAI for Ukraine:** We, together with several students from Ukraine, are developing a chat system called VRT-CHAT: Culturally-Sensitive Visual Stimulation and Reminiscence-Therapy Chatbots for Mental Health Support. I am mentoring students on the **3D vision** aspect, where we focus on creating 3D assets from text input or historical building images sourced from the internet, and integrating them into the chatbot.
- **WRIVA Program:** I manage and lead our IARPA project, "Walk-Through Rendering From Images of Varying Altitudes" (WRIVA), a four-year, multi-institution effort. In WRIVA, I work with junior Ph.D. students to coordinate tasks, conduct experiments, prepare reports, and meet with program directors.
